EDUCATION

Ph.D. in Mathematics, Zhejiang University *Expected 2028*
Advisor: Prof. Binyong Sun

B.Sc. in Mathematics, East China Normal University *2022*

RESEARCH INTERESTS

Representation theory of real reductive groups and their geometric structures.

PUBLICATIONS

1. Wang, Q. Counting irreducible representations of general linear groups and unitary groups. *Representation Theory*. To appear. arXiv: 2504.11403 [math.RT] (2025).

TEACHING EXPERIENCE

Teaching Assistant, Zhejiang University

- **MATH3203M: Lie Groups and Lie Algebras** *Spring, Summer 2023*
- **MATH2282M: Abstract Algebra (Continued)** *Fall, Winter 2023–2024*

TALKS

Aug 11, 2025 **Counting irreducible representations of general linear groups and unitary groups**
Workshop on Relative Langlands Program, Tianyuan Mathematics Research Center, Kunming, China
