## EDUCATION

**Ph.D. in Mathematics, Zhejiang University** 2022 – 2028
Advisor: Prof. Binyong Sun

**B.Sc. in Mathematics, East China Normal University** 2017 – 2022

## RESEARCH INTERESTS

Representation theory of real reductive groups and their geometric structures.

## PUBLICATIONS

1. Wang, Q. Counting irreducible representations of general linear groups and unitary groups. Representation Theory (American Mathematical Society), to appear. arXiv: 2504.11403 [math.RT] (2025).

## TEACHING EXPERIENCES

**Teaching Assistant, Zhejiang University**

- **MATH3203M: Lie Groups and Lie Algebras** *Spring, Summer 2023*
- **MATH2282M: Abstract Algebra (Continued)** *Fall, Winter 2023–2024*

## SELECTED TALKS

Aug 11, 2025 **Counting of irreducible representations**
Workshop on Relative Langlands Program, Tianyuan Mathematics Research Center, Yunnan, China

## Language Skills

**Mandarin Chinese:** Native
**English:** Fluent in academic writing and communication
